

HOW TO ORDER A GIFT CARD

Start by signing up the runner normally for the event of your choice (Helsinki City Run half marathon, Garmin Helsinki City Marathon, Helsinki City Marathon Relay, Helsinki City 5, Helsinki City Double or Minimarathon) and pay for the registration.

Please note that the runner will get an automatic confirmation of the registration in their email. If you want the gift card to be a surprise, you can sign up the runner for the event with your own email address. The address can be changed later by logging in to the running profile with the information on the confirmation message.

After completing the registration send an email with the title "Gift card" to the email address maraton@sul.fi. In the email you should tell us who you bought the gift card to and for which event / distance you bought it. We will send you a digital gift card by email.
